● On the date of March 15, Roman Emperor JULIUS CAESER was betrayed and murdered by his

friends and members of the Roman Senate. The ANCIENT ORDER use the Ides of March, March 15, as a date code for betrayal. They had SUSAN and DAVID SMITH marry on March 15, 1991. Then they had Susan Smith murder her own children on October 25, 1994.

● As can be seen at right, Susan Smith asked David for a divorce on 7-27-94. How many days was that from their wedding on 3-15-91?

3-15 was the 74th day. 291 left:.....291  
1992 & 1993: 366 + 365 = 731:.....731  
7-27 was the 208th day of 1994:.....208

● Total=1,230

● Exactly 1,230 days after they were married, Susan Smith asked David for a divorce. How many days after their marriage did Susan Smith kill their children?

3-15 was the 74th day. 291 left:.....291  
1992 & 1993: 366 + 365 = 731:.....731  
10-25 was the 298th day of 1994:.....298

● 1,320

● Susan Smith asked her husband David for a divorce exactly 1,230 days after they were married. Then she killed their kids exactly 1,320 days after they were married.

● Was Susan Smith counting days? What is the difference between 1,230 and 1,320? 90, as the exhibit at right shows. The 90 turns the 1,230 into the 1,320. The "0,1,2 & 3" in both.

● Notice at right, just days before the children were murdered, David just happened to find a letter to his wife from her boyfriend breaking off their relationship. The ANCIENT ORDER had David find that letter just before his children were killed so he would see the motive for what they were going to have his wife do. He would more believe that his wife had killed their kids.

● Before that, Susan and David were keeping each other under "surveillance". The ANCIENT ORDER use these Laser Ray devices to control the impulses of others. Notice David saying, "It was like we were playing two roles." Below, from the ANCIENT ORDER's book, "1984".

*That changed in January 1991, when Susan learned that she was pregnant.*

*Linda insisted that her no longer "pure" daughter wear an off-white gown. The couple wed on March 15*

*On July 27, 1994, Susan asked for a divorce. Several weeks later David learned that she had hired a detective so that she could charge him with adultery. He retaliated by having Tiffany follow Susan, so that he could document her affair with Findlay. Days before his sons' disappearance, David was babysitting when he found a letter to Susan from Findlay breaking off their relationship. During the next few days, Tiffany continued her surveillance.*

*It was Oct. 25, 1994.*

*It was like we were playing two roles. One role was loving parents who had just lost their kids. The other role was that Susan was the murderer of those kids, and I was the husband she'd betrayed.*

We have cut the links between child and parent, and between man and man, and between man and woman. No one dares trust a wife or a child or a friend any longer.
