

THE ANCIENT ORDER & VOLTAIRE: (VOLT, AIR) & THE PUBLIC

● ANCIENT ORDER VOLTAIRE CANDIDE
A I E O O A I E A I E

● "Volt" and "air". That is a reference to the electromagnetic energy which exists in the airwaves. That is the way radios and televisions operate. That reference is the name of French writer FRANCOIS VOLTAIRE, born in 1694.

● The name "Voltaire" is not only "volt" and "air", it is also coded with the ANCIENT ORDER's vowels: "A, I, E & O". Voltaire's most famous work is CANDIDE: "A, I, E". When Voltaire was born, the ANCIENT ORDER's Laser RAY system of controlling others was fully operational. This proves this system is more than 300 years old.

Vol-taire (völ-tär', völ-). François Marie Arouet. 1694-1778. French philosopher and writer.

radiant energy *n.* Energy transferred by radiation, esp. by an electromagnetic wave. ra·di·ate (rä'dë-ät') *v.* -at·ed, -at·ing. 1. To send out or issue in rays or waves. 2. To spread out in straight lines from a center. 3.

● This Laser Ray system uses "penetrating rays" such as "gamma rays". The rays penetrate the physical body to operate the "electrical oscillations of the brain" as well as other body organs. The ANCIENT ORDER, their doctors and this system, alter peoples' normal body and mental functions without them feeling it or knowing it ever took place. And they have been doing this since at least the last 300 years. This system has been operated and expanded all across the world in that time.

gam'ma rays' *npl* penetrating radiation of high frequency and short wave length emitted by radioactive substances

alpha rhythm also alpha wave *n.* A pattern of regular electrical oscillations occurring in the brain at a frequency of 8 to 13 hertz when a person is awake and relaxed.

● The review for the movie NETWORK appears at right. Notice the phrase "mad prophet of the airwaves". Voltaire. Volt(electricity/"electrical oscillations of the brain") and the airwaves. A "prophet" predicts the future; tells what is going to happen. The ANCIENT ORDER not only tells the future; they decide it. The ANCIENT ORDER decide what outcome they want. Then they use this (over 300 years old) Laser Ray system to control the public, who do not know. The "mad prophet" who uses the airwaves and rays to alter peoples' mental and body functions without their knowing.

Network (1976) C-121m. **** D: Sidney Lumet. William Holden, Faye Dunaway, Peter Finch, Robert Duvall, Ned Beatty, Beatrice Straight, Wesley Addy, Darryl Hickman, Ken Kercheval, William Prince, Marlene Warfield. Paddy Chayefsky's outrageous satire on television looks less and less like fantasy as the years pass; uninhibited tale chronicles fourth-place network that will air anything for a big rating, including a patently insane, profanity-shouting "mad prophet of the airwaves" (Finch). Entire cast explodes, particularly Dunaway as ruthless programmer, Holden as conscientious newsman, Duvall as shark-like v.p., and Beatty as evangelical board chairman. Well-deserved Oscars went to Finch (posthumously), Dunaway, Straight, and Chayefsky. [R]▼●

● The ANCIENT ORDER makes the people who make the news, from murderers to presidents. That is what the movie NETWORK shows. The phrase "mad prophet of the airwaves" is a direct reference to the ANCIENT ORDER and this Laser Ray system.

● The ANCIENT ORDER has LIED for hundreds of years, making the operators of this system believe it is new. They also LIE that this system is necessary to control wrongdoers. Those being lied to do not know it is this very system which controls people to make them do the wrongs which the ANCIENT ORDER shows. The wrongs are used to justify total and absolute control of others; a dictatorship that is shown out in the open. This system (of Laser Rays and LIES) has been perfected for hundreds of years. As the name Voltaire ("volt" and "air") proves, this system is over 300 years old. 2-1-2000
