

THE ANCIENT ORDER; CHARLES MANSON;

O.J. SIMPSON; FEBRUARY 2, 2005

FROM THE "MANSON MURDERS" TO THE "SIMPSON MURDERS"--THE EQUATION:

● Aug. 10, 1969, the last day of the "Manson murders". August 10 is the 222nd day of the year. 143 days were left in 1969.....143
1970 through 1993(24 years). $24 \times 365 = 8,760$8,760
6 leap years so add 6 more days.....6
Ron Goldman & Nicole Simpson murdered on the 163rd day.....163
● Total=9,072

● $9,072 = [(2 \times 2 \times 3 \times 3) \times (2 \times 2 \times 3 \times 3) \times 7]$. The Beast of Burden is coded BOB, 202, 2/2 or February 2nd, the 33rd day of the year. 22 33. The equation above is the Beast of Burden code multiplied out, then multiplied by itself then multiplied by 7. That is the equation for the exact number of days between the "Manson" murders and the double-murder of Nicole Brown Simpson and Ronald Goldman.

● The equation by 10 instead of 7. $[(2 \times 2 \times 3 \times 3) \times (2 \times 2 \times 3 \times 3) \times 10]$ comes out to 12,960. Notice the 96(FREEMASON).

● 12,960 days from the "Manson family murders". August 10 is the 222nd day. 143 days left in 1969. $12,960 - 143 = 12,817$. 12,775 days is 35 years. $12,817 - 12,775 = 42$ days left. 9 leap years so subtract 9 days. $42 - 9 = 33$. That would be the 33rd day in the year 2005.

● The equation multiplied by 10 instead of 7 comes out to the Beast of Burden day in the year 2005 from the "Manson murders".

● WHAT DOES IT MEAN? It means that the ANCIENT ORDER scheduled the "Manson murders" to take place by the above equation multiplied out by 10 and back from the date of February 2nd in the year 2005.

● The ANCIENT ORDER then scheduled another "CRIME OF THE CENTURY", the murders of Nicole Brown Simpson and Ronald Goldman, by the same Beast of Burden code equation, this time multiplied by 7 and dated from the "Manson murders." But now let's look at the double-murder of Nicole Brown Simpson and Ronald Goldman from the date of February 2, 2005.

June 12 is the 163rd day. 202 days left.....202
1995 through 2004 = 10 years or 3,650 days.....3,650
3 leap years so add 3 days.....3
33 days to the Beast of Burden day in 2005.....33
● Total=3,888

● That is 3,888 days exactly from the double-murder of Nicole Brown Simpson and Ronald Goldman to the ANCIENT ORDER newly known target date of February 2nd, 2005. That divides to $(2 \times 2 \times 2 \times 2) \times 243$ exactly.

● Central(73) Intelligence(115) Agency(55) adds to.....243 exactly

● JonBenet(85) Patricia(77) Ramsey(81) adds to.....243 exactly

● Princess Diana died in 1997 on day number.....243.

● The murders of Nicole Brown Simpson and Ronald Goldman were pre-planned to take place on the number of days of $(2 \times 2 \times 2 \times 2) \times 243$ from February 2nd of the year 2005. The "243" was an important part in this ANCIENT ORDER date.

"We control life, Winston, at all its levels. You are imagining that there is something called human nature which will be outraged by what we do and will turn against us. But we create human nature. Men are infinitely malleable. Or perhaps you have returned to your old idea that the proletarians or the slaves will arise and overthrow us. Put it out of your mind. They are helpless, like the animals. Humanity is the Party. The others are outside—irrelevant."
