

THE ANCIENT ORDER; BUFORD O'NEAL FURROW AND JOSEPH ILETO

● 10,9,8...3,2,1:a countdown. 3,2,1 or 3/21 is March 21, the 80th day of the year. 80 is an ANCIENT ORDER countdown code. The month/day codes are:

- 4/20, the 110th day
- 8/10, the 222nd day
- 5/16, the 136th day
- 10/8, the 281st day

● On 8/10/99, the 222nd day, the ANCIENT ORDER's doctors used these Laser-Ray devices to make Buford O. Furrow shoot-up a Jewish Community Center and then kill U.S. postal worker Joseph Iletto.

● Buford(66) + O'Neal(47) + Furrow(101) = 214. In the alphabet B=2, A=1 and D=4. 214 = "B-A-D".

● Furrow's last name adds to 101. "101" is the ANCIENT ORDER's doctor code. In their book, 1984, the ANCIENT ORDER refer to their doctors as those who can put you through "The worst thing in the world." Joseph(73) + Iletto(61) = 134. Joseph Iletto was the only person Furrow shot who died. Their name-totals together: 214 + 134 = 348.

mailman Joseph Iletto, 39, making his rounds in nearby Chatsworth.

Furrow shot him nine times with a Glock pistol.

AUGUST 23, 1999 NEWSWEEK

"You asked me once," said O'Brien, "what was in Room 101. I told you that you knew the answer already. Everyone knows it. The thing that is in Room 101 is the worst thing in the world."

8-27-99

● A N C I E N T
1 +14 +3 +9 +5 +14 +20 = 66

● O R D E R
15 +18 +4 +5 +18 = 60

● The ANCIENT ORDER's name-total is 66 & 60. That is three 6's (the sign of Satan) and O, the circle. That refers to their doctors' abilities to stay hidden and do the same evil things over and over again. 66 + 60 = 126.

● Notice that Furrow's first name Buford, like Ancient, = 66. Now subtract the ANCIENT ORDER's name-total(126) from the Furrow/Iletto name-total(348).

● 348 - 126 = 222. 222 is one of their "80" countdown code dates and in fact the very "80" date, 8/10, that Furrow killed Iletto.

● Furrow shot up the community center in Granada Hills, Ca. Then he drove to another suburb, Chatsworth, Ca., where he killed Iletto. Why Granada and Chatsworth? Beast(47) + Burden(64) = 111. "111" is a reference to the Beast of Burden. Granada has "AAA" or "111", one of the ANCIENT ORDER's codes for the Beast of Burden. Chatsworth has only their initials, "A&O", as vowels.

● The fact that the ANCIENT ORDER's doctors used these Laser-Ray devices on Buford O. Furrow (and the others) is also in the name Granada Hills. The reference is to someone who is normal and then made abnormal or "ill" which is in "Hills". Granada Hills is "Beast of Burden" and "ill" or "ills".

● That is also why the names of the President and First Lady who close out this millenium are William(Bill) and Hillary:"111".

● The last "80" countdown date of this millenium is 10/8/99.

● Also from "1984":

Is there somebody else you want me to give away? Just say who it is and I'll tell you anything you want. I don't care who it is or what you do to them. I've got a wife and three children. The biggest of them isn't six years old. You can take the whole lot of them and cut their throats in front of my eyes, and I'll stand by and watch it. But not room 101!"
"Room 101," said the officer.
